SUBJECT: Addendum No. 1
IFB No. 26L-0414 Leahi Hospital Young Building Sub-Basement Food Service
Operations Phase 2

Addendum No. 1 provides clarification to the subject solicitation.

The items listed hereinafter are hereby made a part of the contract for the above project and shall govern the work, taking precedence over previously issued plans and specifications governing the items mentioned:

A. QUESTIONS / RFI

The following questions and RFIs were received for this project:

1. QUESTION: Please confirm that the contractor is to supply and install all of the kitchen equipment, including the walk-in refrigerators, freezer, hood/exhaust system, and Ansul fire suppression system?

ANSWER: Confirmed. See also note on Sht. K001 for Kitchen Equipment Contractor.

2. QUESTION: Due to the size of the project and not having all the answers yet, especially in regards to the Kitchen Equipment, could we get a bid date extension?
 - a. If the GC's are required to obtain all of the kitchen equipment, we may need to contact suppliers outside the state, as many of the local suppliers have closed. And we will need more time for this.

ANSWER: Due to funding requirements the bid date is firm and bids shall be submitted as requested to be considered.

With regards to the Kitchen Equipment, it is recommended that the GC contact a Food Service Equipment Contractor or a Restaurant Supply Dealer. They should be able to provide the quote for the equipment, installation, and provide the scope of work they will do per the specifications. There should be sufficient time to obtain pricing for the bid.
