

12/12/2022

(PLEASE READ THE WHOLE MESSAGE AND SEE THE DEADLINE ON THE LAST BULLET POINT)

Hi Licensed NurseTeam:

The next education module loaded on Relias Learning is titled, "Principles of Antibiotic Stewardship". In this module, you will learn about the Core Elements of Antibiotic Stewardship developed by the Centers for Disease Control and Prevention (CDC) and how you can apply components of the program to your nursing practice.

Instructions:

To access Relias Learning go to:

<https://leahi.training.reliaslearning.com>

- Sign in with your username and password.
- Once signed in, you will see the course on your learning page. Click on the **green** "start" button.
- This module has no sound. Some of the slides have questions that need to be answered or contains additional information to click and read. The program will not allow you to advance to the next slide unless you do so.
- Once completed, exit the module and take the final exam. A passing score is 80%.
- **Deadline for completion is Friday, December 30, 2022.** This in-service should be done during your work time. We are giving **ample time** for completion. The best strategy is to read a little each time you work. If you choose to do it during off time from work or at home, no OT will be given. **Please do not wait until the last minute to complete it.**

Please call the Education Office (x37971) for any questions.

Thank you and Happy Learning.
